Dear Hiring Manager,

I am excited to apply for the IT Technician position at Cutting Edge Networking. I have a long standing passion for technology and a strong desire to learn and grow as a professional, I am confident in my ability to contribute to your team and provide exceptional service to your clients.

I have always had an affinity for troubleshooting computer issues and have spent countless hours studying hardware and software. While I may not have years of formal training or experience, I have a strong desire to learn and the ability to pick up new skills quickly.

I have experience working with Linux distributions, including Arch Linux and Manjaro Linux. I have written useful shell scripts and have experience with the command line interface. I also have experience working with virtualization software, including VirtualBox and QEMU. In addition I have also been certified under the Microsoft Technology Associate (MTA) certification in Windows Operating System Fundamentals.

I understand that the IT field is constantly evolving and highly competitive, I am excited about the opportunity to work at Cutting Edge Networking, a company that is highly acclaimed in the industry. I am confident that with the guidance of experienced professionals, I can develop the skills necessary to excel in this role and become an asset to the company.

Thank you for considering my application. I would welcome the opportunity to speak with you further about how I can contribute to your team at Cutting Edge Networking.

Sincerely,

David Hernandez
